

8mm Mounting Clip for 10mm Pin-Base Rope Lights

- Sized for 8mm clip fit on 10mm pin-base rope light profile
- Compatible with M-H/HL/N series rope lights rated for 50,000 h
- Backed by a 1 year warranty

OVERVIEW

The M-HZ-Clip-8mm is an 8mm mounting clip designed for use with 10mm pin-base rope lights. It provides a secure attachment point for routing and securing rope light runs along surfaces, channels, or structural elements in commercial and industrial installations.

The clip is sized specifically for compatibility with 10mm pin-base rope light profiles, supporting consistent spacing and alignment along a run. It is backed by a 1 year warranty, matching the 50,000 hour rated life of the M-H/HL/N rope light series it is designed to accompany.
