

12mm 2-Pin Connector for Rope Light,
50,000 h LED Lifetime

- Sized for 12mm rope light diameter
- 2-pin connector configuration
- Compatible with 50,000 h rated LED rope light systems
- Backed by 1 year warranty

OVERVIEW

The M-HZ-Pin-12mm is a 12mm 2-pin connector designed for use with 12mm rope light installations. It provides a termination point for connecting rope light runs to power supply leads or extension cables in commercial and decorative lighting applications.

The connector is rated for use with rope light systems carrying an LED lifetime of 50,000 hours and is backed by a 1 year warranty.
