Rope Light
(ZZS-VTN-08007-MC)

4-Pin RGB Rope Light Connector,
10mm, for RGB Rope Light Runs

- 4-pin configuration for RGB rope light circuits
- Sized for 10mm diameter rope light
- Compatible with rope light rated for 50,000-hour LED lifetime
- Backed by a 1-year warranty

OVERVIEW

The M-HZ-Pin-RGB-10mm is a 4-pin connector accessory sized for 10mm RGB rope light. It provides a termination and joining point for RGB rope light runs in commercial and architectural lighting installations.

It is intended for connecting or extending rope light sections, supporting maintenance and modification of installed runs. It carries a 1-year warranty, and the associated LED rope light is rated for a 50,000-hour LED lifetime.
