

2-Inch Aluminum Mounting Clip for M-N11 LED Neon Flex, Includes 2 Screws

- Aluminum construction for durable, long-term mounting
- Sized for 2-inch M-N11 channel profiles
- Ships with 2 mounting screws for installation
- Low-profile design for clean, professional appearance
- Backed by a 1-year warranty
- Compatible with LED neon flex rated for 50,000-hour lifetime

OVERVIEW

The M-N11 Aluminum Fixing Clip is a mounting accessory designed for use with 2-inch LED neon flex channels. It integrates directly with the M-N11 channel profile to provide a secure, stable fit during installation, making it suitable for a range of commercial and architectural lighting applications.

Constructed from aluminum, the clip is built for durability and offers a low-profile design that keeps installations clean and professional. The fixing clip is designed for straightforward installation, reducing labor time on the job site, and is rated for use with LED neon flex systems carrying a 50,000-hour LED lifetime.

The clip is backed by a 1-year warranty.
