

Waterproof No - Gap L Connector for M-N15 LED Neon Flex, 90 - Degree Junction

- Waterproof, no-gap design for moisture-prone installations
- Precision-crafted 90-degree L-junction for secure fit
- Compatible with M-N15 series flexible LED neon strip
- Backed by 1-year warranty
- Rated for use with strip carrying 50,000-hour LED lifetime

OVERVIEW

The M-N15-Cnt-L-WP is a waterproof, no-gap L connector designed for use with M-N15 series flexible LED neon strip. It provides a secure, precision-fit connection at 90-degree junctions, eliminating gaps that can compromise both aesthetics and moisture resistance.

This connector is suited for outdoor installations and environments where exposure to moisture or other external elements is a concern, maintaining the waterproof integrity of the connected neon flex run.

The connector is backed by a 1-year warranty, and the M-N15 strip it is designed for carries an LED lifetime rating of 50,000 hours.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

ORDERING
