

RGB 2-Way LED Strip Connector, 6-Inch Jumper for 15cm Neon Flex

- 6-inch jumper lead simplifies mid-run extensions and corner transitions
- Rated for RGB strip runs up to 15 W
- Supports LED lifetime rating of 50,000 hours
- Backed by a 1-year warranty

OVERVIEW

The M-N15-RGB-CNT6 is a 2-way RGB LED strip connector with a 6-inch jumper lead, designed to join or extend 15cm Neon Flex RGB strip runs in commercial and residential lighting installations. It provides a connection point between strip segments, simplifying layout changes, corner transitions, or mid-run extensions without cutting or rewiring.

The connector is rated for use with strip runs up to 15 W and supports an LED lifetime of 50,000 hours, matching the service life of the connected neon flex segments.

The connector carries a 1-year warranty.

SPECIFICATIONS
