

Single Head Connector for M-N15 RGB Neon Flex, 1 - Year Warranty

- Single head connector configuration for M-N15 RGB neon flex
- Compatible with M-N15 RGB LED strip systems rated for 50,000-hour LED lifetime
- Backed by a 1-year manufacturer warranty

OVERVIEW

The M-N15-RGB-Jumper is a single head connector for use with M-N15 RGB neon flex strip systems. It provides a termination and interconnection point within compatible M-N15 RGB installations, supporting electrical continuity across strip segments.

The connector is rated for use with M-N15 RGB LED components carrying a 50,000-hour LED lifetime rating, and is backed by a 1-year warranty.
