

## Pre - Soldered Lead Cables for M - N6 Neon Flex, 6 - Inch Red & Black Pair

- 6-inch pre-prepped cable length for direct soldering
- Includes one red and one black conductor per unit
- Sold and prepped as a single per-unit pair
- Compatible with M-N6 neon flex termination points
- Backed by a 1-year warranty

### OVERVIEW

The M-N6-Cable is a 6-inch pre-prepped lead cable set designed for use with M-N6 neon flex installations. Each unit includes one red and one black cable, prepared for direct soldering to the neon flex termination points. These cables are intended for contractors and installers who require a reliable, ready-to-solder connection solution for M-N6 neon flex runs.
