

6x12mm Silicone End Cap for LED Strip,
Lemon Yellow, 2000 pcs/bag

- Silicone construction resists wear and supports a durable seal
- 6x12mm dimensions fit standard low voltage neon flex terminations
- Lemon yellow color allows for visual color-coded identification
- Bulk packaging of 2,000 pieces per bag for volume procurement
- Rated for 1 year warranty coverage

OVERVIEW

The M-N6-Cap-LY is a 6x12mm silicone end cap designed to seal and protect LED strip terminations and similar applications. Supplied in lemon yellow, it is suited for DIY, manufacturing, and industrial use where a secure, color-coded end seal is required.

Constructed from silicone material, these end caps are formulated for resistance to wear and provide a reliable seal. Each bag contains 2,000 pieces, making this SKU appropriate for production-scale or contractor-volume procurement.
