

End Caps for M-N6 Mini Neon Flex — 12mm x 4mm Inner Dimension (10-Pack)

- Inner dimensions of 12mm x 4mm fit M-N6 Mini Neon Flex profile
- Bag includes 1,000 end caps for large-scale installation runs
- Seals tube ends against dust and moisture ingress
- Backed by a 1-year warranty on the M-N6 Mini Neon Flex system
- Compatible with LED lifetime rating of 50,000 hours

OVERVIEW

The M-N6-Cap End Caps are designed for use with the M-N6 Mini Neon Flex lighting system, providing a clean, finished termination at the ends of neon flex runs. With inner dimensions of 12mm x 4mm, they fit securely over the neon tube profile to deliver a polished, professional appearance on completed installations.

These end caps offer protection against dust, moisture, and other environmental elements, helping maintain the integrity of the lighting system over time. Each bag contains 1,000 end caps, making this package well-suited for large-scale or ongoing commercial and contractor applications.

The M-N6 Mini Neon Flex system carries a 1-year warranty and an LED lifetime rating of 50,000 hours.
