

1-Meter Aluminum Channel for M-N6 Neon LED Strip, Indoor/Outdoor Use

- 1-meter aluminum channel length for M-N6 neon strip
- Aluminum construction dissipates heat for LED longevity
- Suitable for indoor and outdoor installations
- Supports rated 50,000-hour LED lifetime of installed strip
- Backed by 1-year warranty

OVERVIEW

The M-N6-Ch-1m is a 1-meter aluminum channel designed for use with the M-N6 neon LED strip. It provides a clean, professional finish for indoor and outdoor lighting installations, shielding the strip from dust, moisture, and UV exposure.

The aluminum construction dissipates heat effectively, supporting the rated 50,000-hour LED lifetime of the installed strip. The channel is built for straightforward installation and suits commercial and architectural applications where a finished, low-profile appearance is required.

The product carries a 1-year warranty.
