- Operates on 110V AC, drawing 6W per meter
- Rated for 50,000 hour LED lifetime
- Ships in 50m rolls with 16×8mm profile
- Backed by a 1-year limited warranty

OVERVIEW

The M-N8-110V-BL is a blue silicone LED neon flex strip designed for commercial signage, architectural accent lighting, and contour illumination in both indoor and outdoor environments. The flexible neon profile measures 16mm x 8mm and ships in 50m rolls, providing continuous runs suitable for large-scale installations.

The strip operates on 110V AC and draws 6W per meter, using Epistar chip LEDs with a CRI of 80 and a rated LED lifetime of 50,000 hours. The silicone construction provides a waterproof build rated IP67 for exterior exposure. Each roll ships with accessories and power cords included.

The strip carries a 1-year limited warranty.

SPECIFICATIONS
