

Flexible LED Neon Strip, Purple, 6W/m, AC110V, IP67 Silicone, 50m Roll

- 50m continuous roll of 16×8mm silicone neon flex
- 6W per meter power draw at AC110V input
- Epistar chip LEDs rated for 50,000 hours of operation
- 80 CRI for accurate purple color rendering
- IP67 waterproof rating for indoor and outdoor use
- Includes 2 accessory sets and 2 power cords per roll

OVERVIEW

The M-N8 Series Flexible LED Neon Strip in Purple is a continuous 50-meter roll designed for commercial signage, architectural accent lighting, and decorative outlining in both indoor and outdoor environments. The 16×8mm silicone body provides a uniform neon-like appearance with consistent purple output along the full run.

Powered at AC110V and rated at 6W per meter, the strip uses Epistar chip LEDs with an 80 CRI and a rated lifetime of 50,000 hours. An IP67 waterproof rating makes it suitable for exposed outdoor installations.

Each roll ships with two accessory sets and two power cords, and is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

CRI	80
LED Chip Type	Epistar chip
LED Lifetime	50,000 h

MECHANICAL

Product Dimensions	16×8 size
Length	50 m 164.0 ft
