

Flexible LED Neon Strip Yellow AC
110V, 6W/m, Silicone, IP67, 50m Roll

- Silicone housing rated IP67 for waterproof, weather-resistant use
- Epistar chip delivers a rated LED lifetime of 50,000 hours
- Operates at 120V AC, drawing 6W per meter of strip
- Supplied as a 50-meter roll for large continuous runs
- Includes accessories and power cords for installation
- 1-year manufacturer warranty

OVERVIEW

The M-N8 Series Flexible LED Neon Strip in yellow is a silicone-bodied neon-style lighting solution designed for indoor and outdoor applications. Its flexible construction and weather-resistant design suit architectural accents, signage, and decorative outlining in demanding environments.

Powered at 120V AC, the strip draws 6W per meter and uses an Epistar chip rated for a 50,000-hour lifespan, delivered on a 50-meter roll with an 80 CRI for consistent color rendering. The silicone housing provides waterproof, weather-resistant performance, and the product ships with accessories and power cords included to simplify installation.

The product carries a 1-year warranty.

SPECIFICATIONS

OPTICAL

CRI	80
LED Chip Type	Epistar chip
LED Lifetime	50,000 h

MECHANICAL

Product Dimensions	16×8 size
Length	50 m 164.0 ft
