

L-Shape Connector for LED Flex Neon Strip Lighting, 90-Degree Corner Junction

- Enables 90-degree directional changes in LED flex neon runs
- Compatible with flex neon rated for 50,000 h LED lifetime
- Backed by a 1 year warranty
- Provides both mechanical and electrical connection at corner joints

OVERVIEW

The M-NF-Cnt-L is an L-shape connector designed for use with LED flex neon strip lighting. It provides a mechanical and electrical junction for making 90-degree directional changes in flex neon runs, suited for commercial signage, architectural outlining, and decorative lighting installations where routing around corners is required.

The connector is rated for use with LED flex neon assemblies carrying a 50,000 hour LED lifetime rating and is backed by a 1 year warranty.
