

L - Corner Connector for 4 - Conductor 12mm LED Strip, PC Board, 1 - Year Warranty

- L-shaped corner design for angular strip routing
- Compatible with 4-conductor LED strip configurations
- Built for 12mm wide PC board strip applications
- Four conductive layers for reliable electrical continuity
- Solder-free connector simplifies installation
- Rated for 50,000-hour LED lifetime with 1-year warranty

OVERVIEW

The M-Z-CON-L4-12 is an L-shaped corner connector board designed for 4-conductor, 12mm LED strip applications. Its compact form factor makes it suited for routing strip runs around corners without soldering, supporting clean installations in tight or angular spaces.

The board is constructed for durability and reliable electrical continuity across four conductive layers, providing compatibility with 12mm wide LED strip configurations commonly used in commercial and architectural lighting layouts.

Backed by a 1-year warranty and rated for a 50,000-hour LED lifetime.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL

Strip Width 12 mm
0.47 in

ORDERING

Warranty 1 y

APPLICATIONS

- Cabinet corner lighting runs
- Architectural cove lighting transitions
- Retail display shelf edges
- Commercial signage corner turns
