

4 - Pin 10mm L - Shape Female Connector
for RGB 3528/2835 LED Strip Lights

- 4 - pin 10mm female connector for RGB strip wiring
- L - shape design for corner and directional connections
- Compatible with 3528 and 2835 RGB LED strip series
- Tool - free clamping mechanism for quick installation
- Rated for compatibility with 50,000 h LED strip lifetime
- Backed by a 1 - year warranty

OVERVIEW

The M-Z-CON-L4-PIN is a 4 - pin 10mm L - shape female connector designed for use with RGB 3528 and 2835 series LED strip lights. Its L - shaped profile allows for directional connections in installations where strips meet at a corner or where a straight inline connector is not practical.

The connector is designed to eliminate loose connections and maintain a stable electrical contact, making it suitable for both residential and commercial LED strip installations. The secure clamping mechanism allows for tool - free installation, reducing labor time during fit - out or retrofit projects.

The connector is backed by a 1 - year warranty and is rated for use with LED strips rated to 50,000 hours of operation.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

ELECTRICAL

Input Connection Type 4 - Pin Female Connector

MECHANICAL
