

L - Corner Connector for 10mm LED Strip PC Board, 4 - Conductor (5 - Pack)

- L-shaped design enables 90-degree corner transitions without cutting strip
- Four-conductor construction supports multi-channel circuit connections
- Fits 10mm PC board LED strips
- Rated for 50,000 hour LED lifetime
- Sold in 5-piece bag for multi-run installations
- Backed by 1-year warranty

OVERVIEW

The M-Z-CON-L4 is an L-shaped corner connector designed for 10mm PC board LED strips, providing a solderless solution for making 90-degree directional changes in strip lighting installations. With four conductors, it supports multi-channel strip configurations and is suited for professional and industrial lighting applications where reliable circuit continuity at corners is required.
