

T-Shape 2-Conductor 10mm PC Board LED Strip Connector, Single Color

- T-shape configuration enables branching connections between strip runs
- 2-conductor layout suited to single-color LED strip applications
- Sized for 10mm strip width for stable electrical contact
- Rated for 50,000-hour LED lifetime
- Backed by a 1-year warranty

OVERVIEW

The M-Z-CON-T2 is a T-shape, 2-conductor, 10mm PC board connector designed for use with compatible LED strip systems. Its T-shaped configuration allows for branching connections between strip segments, providing a reliable junction point in LED strip installations where a split or directional change is required.

The board features a 2-conductor layout suited for single-color LED strip applications and is constructed to deliver stable electrical connectivity at the 10mm strip width. The design emphasizes durability and consistent contact integrity across the connection interface.

The connector carries a 1-year warranty and is rated for a 50,000-hour LED lifetime.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL

Strip Width 10 mm
0.39 in

ORDERING

Warranty 1 y

APPLICATIONS

- LED strip branching junctions
- Single-color LED strip installations
- Cove and cabinet lighting connections
- Signage strip wiring splits
