

IP20 8mm COB Strip One-Side Cable Connector, 6" Lead — 5-Pack

- Designed for IP20 8mm COB LED strip connections
- One-side 6-inch lead cable for flexible routing
- IP20 rated construction against dust and solid objects
- Sold in 5-piece bags for multi-run installations
- Securable with screws or other suitable fasteners
- 1-year warranty coverage

OVERVIEW

The M-Z-CON2-CA8-C is a one-side cable connector designed for use with IP20 8mm COB LED strips. It provides a secure, reliable connection point for powering COB strip runs and is suited for professional lighting installations where clean, dependable terminations are required.

The connector includes a 6-inch lead cable, allowing flexibility in positioning and routing during installation. It features a sturdy construction rated IP20, offering protection against dust and solid objects in dry indoor environments. The compact, low-profile form factor is compatible with a range of lighting setups, and the connector can be secured in place using screws or other suitable fasteners.
