

L-Shape 4-Pin Connector for 10mm RGB COB LED Strip, IP20, 5-Pack

- 4-pin design for RGB COB LED strip connections
- L-shape body enables 90-degree corner transitions
- Sized for 10mm strip width
- IP20 rated for dry indoor use only
- Transparent finish for alignment visibility
- Packaged 5 connectors per bag

OVERVIEW

The M-Z-CON4-L-10-RGB is an L-shape solderless connector designed for 10mm, 4-pin RGB COB LED strip installations. It provides a tool-free method for making 90-degree corner connections between strip segments, suited for cabinet lighting, cove lighting, and similar interior applications where directional changes are required.

Rated IP20, it is intended for dry, indoor environments only. The connector body is transparent for visual alignment during installation and is sized for 10mm strip width. Sold in bags of 5 connectors, with a 1-year warranty.
