

4 - Wire 9 In. LED Strip Connector, 10mm PC Board, 2 - Connector (5 - Pack)

- 4 - wire configuration with 9 - inch wire length
- 10mm PC board width for standard strip compatibility
- 2 connectors per unit for dual connection points
- Sold in packs of 5 for multi - run installations
- Rated LED lifetime of 50,000 hours
- 1 - year warranty coverage

OVERVIEW

The M-Z-CON4D-CA is a 4 - wire, 9 - inch LED strip connector designed for use with 10mm PC board LED strip systems. It includes two connectors per unit, allowing for straightforward integration with compatible LED strip installations in commercial and industrial applications.

Each wire measures 9 inches in length, and the 10mm PC board format is suited for standard - width LED strip connections. The dual - connector configuration supports flexible layout options where two connection points are required within a single assembly.

Backed by a 1 - year warranty and rated for an LED lifetime of 50,000 hours.
