

- ### RGB 4 - Pin Dual - Side Connector for IP20 10mm COB Strip, 6 in. Cable (5-Pack)
- 4-pin configuration for RGB strip connections
 - Compatible with IP20 10mm COB LED strips
 - 6-inch cable length for flexible connector placement
 - Two-side connector design for stable dual-end joins
 - Sold in 5-piece bags for multi-run installations
 - 1-year warranty coverage

OVERVIEW

The M-Z-CON4D-CA10-C is an RGB 4-pin dual-side connector designed for IP20 10mm COB LED strip installations. It provides a reliable, secure connection between strip segments and is suited for professional lighting projects as well as general installation work.

The connector includes a 6-inch cable to allow flexibility during installation and features a two-side design for a stable mechanical and electrical connection. Construction is intended to support consistent performance in standard indoor (IP20) environments.
