

Soft Silicone Mounting Clip for 12mm Wide LED Strip, 4mm Height

- Soft silicone construction for flexible, low - damage retention
 - Sized for 12mm wide LED strip profiles
 - 4mm clip height for low - profile mounting
- Sold and priced per individual clip
 - Rated for 50,000 hour LED lifetime compatibility
 - Backed by a 1 year warranty

OVERVIEW

The M-Z-Clip-SC12mm is a soft silicone mounting clip designed to secure 12mm wide LED strip channels and strips to mounting surfaces. Priced per clip, these are intended for installations where a low - profile, flexible retention method is preferred over rigid fasteners.

Each clip measures 12mm in width and 4mm in height, accommodating standard 12mm wide LED strip profiles. The soft silicone construction allows for slight flex during installation, reducing the risk of damage to strip housings or substrates.
