

RGB Female to Female Extension Cable, 40 In., 1 - Year Warranty

- Female-to-female connector configuration for RGB LED strip runs
- 40-inch cable length extends reach between RGB components
- Rated for compatibility with 50,000-hour LED lifetime systems
- Backed by a 1-year manufacturer warranty

OVERVIEW

The M-Z-EX-FF40 is a female-to-female RGB extension cable measuring 40 inches in length, designed to extend the reach of RGB LED strip light runs or connect RGB components where additional cable length is required. It is suited for use in commercial and residential LED lighting installations where standard cable lengths fall short.

The cable is rated for use with RGB LED systems carrying a 50,000-hour LED lifetime rating, supporting long-term installations without frequent cable replacement. It is backed by a 1-year warranty.
