

Balloon Blower, 180W, 120V AC

- 180W motor for quick, thorough balloon inflation
- Operates on 120V AC standard electrical service
- Compact, portable housing for transport between events
- Durable construction intended for repeated use
- Backed by a 1-year manufacturer warranty

OVERVIEW

The MC-BLBW180 is a 180W electric balloon blower for inflating balloons at events and functions. It suits professional event organizers as well as general users needing reliable, efficient inflation performance.

The unit operates on 120V AC, compatible with standard electrical systems. Its 180W power rating supports quick and thorough balloon inflation. Construction is described as durable, with a compact, portable design for ease of transport and setup.

The unit carries a 1-year warranty.
