

250W Balloon Blower for 13 ft Inflatable Displays, 120V AC

- 250-watt motor rated for rapid inflation of 13 ft balloons
 - Operates on 120V AC power supply
 - Rated service life of 50,000 hours
- Compact, sturdy construction for portability and repeated use
 - Quiet operation relative to output class
 - Backed by a 1-year warranty

OVERVIEW

The MC-BLBW250 is a 250-watt electric balloon blower designed for inflating large inflatable displays, including 13 ft balloons commonly used at events, promotions, and commercial installations. It operates on 120V AC power and is intended for applications where rapid, reliable inflation is required to reduce setup time.

The unit delivers sufficient airflow to fill 13 ft balloons efficiently. Its construction is described as compact for portability while maintaining a sturdy build suitable for repeated use. The blower is rated for a 50,000-hour service life and is noted to operate quietly relative to its output class.

The product carries a 1-year warranty.
