

Female Terminal Connector, Red, Wire Gauge #22-#18

- Female terminal connector design for quick-connect wiring
- Red color coding for polarity or circuit identification
- Compatible with wire gauges #22 through #18
- Rated for 50,000-hour service life
- Backed by a 1-year warranty

OVERVIEW

The MC-CableTerminal-27 is a female terminal connector in red, designed for use with wire gauges #22 through #18. It provides a color-coded termination point for electrical wiring applications where reliable circuit identification is required during installation.

The red color coding assists in polarity or circuit identification, and the connector is rated for a 1-year warranty and a 50,000-hour service life.
