OVERVIEW

The MC-DTF-SH333-34 is a double-sided foam tape supplied in a 3/4 in. x 50 ft. roll, designed for mounting lightweight objects to walls and surfaces without mechanical fasteners or adhesive residue damage. It is suited for both indoor and outdoor applications across a range of commercial and light industrial projects.

The foam construction provides flexibility and conforms to minor surface irregularities, offering a clean, professional finish as an alternative to screws, clips, or liquid adhesives. The roll format is practical for multi-use applications where consistent width and length are needed across a job.

The product is backed by a 1-year warranty.
