

Chrome Grommet #1, 8mm Hole, 15mm OD, Indoor Use, 1000 pcs/Bag

- 8mm hole diameter for cable and wire pass-through
- 15mm total outer diameter fits standard panel cutouts
- Chrome finish for a clean, visible-installation appearance
- Supplied 1000 pieces per bag for bulk installation needs
- Rated for indoor use only
- Backed by a 1-year warranty

OVERVIEW

The Chrome Grommet #1 is a cable and wire management component for indoor applications. With an 8mm hole diameter and 15mm outer diameter, it secures and protects cables, wires, and similar materials passing through panels or surfaces in residential, office, and commercial installations. Each bag contains 1000 pieces.

Constructed for durability and long-term use, these grommets provide a protective barrier for electrical connections and contribute to organized wire routing. The chrome finish offers a clean appearance suitable for visible installations.

A 1-year warranty applies to this product.
