OVERVIEW

The MC-GR3-500 is a #3 steel grommet in a chrome silver finish, supplied in 500-piece bags. Designed for use in home decor, fashion, and DIY fabrication applications, each grommet features a 12mm hole diameter and a 25mm outer diameter, providing compatibility across a range of material thicknesses and panel types.

Constructed from steel with a chrome silver finish, these grommets are intended for durability and consistent appearance across production runs. The 500-piece bag quantity supports both small-batch and higher-volume project needs.
