OVERVIEW

The MC-GR3G-500 is a #3 steel chrome gold grommet designed for reinforcing holes in banners, tarps, signage substrates, and similar flexible or sheet materials. Each grommet features a 12mm hole diameter and 25mm outer diameter, providing a secure, corrosion-resistant eyelet suitable for rope, cord, or fastener pass-through applications. Supplied in a 500-piece bag, this product is suited for high-volume fabrication and installation work. A 1-year warranty backs the hardware for standard commercial use.
