

Outdoor Grommet #2 Gold Copper Finish, 10mm Hole / 21mm OD, 500-Piece Bag

- Gold copper finish suited for outdoor exposure
- 10mm inner hole diameter for material fastening
- 21mm outer diameter for secure mechanical hold
- 500 pieces per bag for multi-unit installations
- 1-year manufacturer warranty

OVERVIEW

The MC-GRC2G-500 is a #2 gold copper finish grommet intended for outdoor fastening applications including tents, canopies, tarps, and similar installations. Each unit features a 10mm inner hole diameter and 21mm outer diameter, providing a secure mechanical connection through sheet materials. The bag contains 500 pieces, making it practical for contractors and installers managing multiple installations or large-scale projects.

The gold copper finish is designed to withstand outdoor conditions while maintaining a clean, professional appearance. The grommet construction is suited for both professional trade use and on-site installation work.

The grommet is backed by a 1-year warranty.
