- 3mm thin wall profile for compact recovered diameter
- Black finish for standard wire and cable identification
- Sold per foot for exact quantity purchasing
- Backed by a 1 - year warranty
- Rated for 50,000 h of service life

OVERVIEW

MC-HS3.0 is a 3mm thin wall heat shrink tubing supplied in black. It is designed for insulating, bundling, and protecting wire terminations and cable assemblies in electrical and low - voltage wiring applications. The thin wall profile allows for a compact recovered diameter suitable for use in space - constrained installations. This product is sold by the foot, allowing contractors to purchase only the quantity required for a given job. It is backed by a 1 - year warranty.
