

On - Off Switch, Black, Manual Lighting Control

- Black finish for discreet mounting on fixtures or enclosures
- Manual on-off control for connected LED lighting circuits
- Rated for use with LED systems specifying 50,000 hour lifetime
- Backed by a 1 - year warranty

OVERVIEW

The MC-SW is a black on-off switch intended for use in LED lighting control applications. It provides a straightforward means of manually switching a lighting circuit on or off, suitable for integration into compatible LED driver or fixture wiring configurations.

The switch is rated for use with connected LED lighting systems specifying a lifetime of 50,000 hours, and it carries a 1 - year warranty.
