

Automatic Sanitizer Dispenser with Stand, Drip Tray, UV Disinfection, ABS, White

- Molded from ABS material for durability
- Compact footprint of 130 × 115 × 270 mm
- Accepts refillable 1000 mL bottle or disposable 800 mL bag
- Built-in UV disinfection to reduce hand-surface pathogens
- Powered by DC 6V, 1A input via 5.5 × 2.1 mm barrel jack
- Backed by a 1 year warranty with 50,000 hour LED lifetime

OVERVIEW

The MD-Disp-Stand-WT is a white automatic sanitizer dispenser unit designed for commercial and institutional environments where hands-free hygiene stations are required. Intended for lobbies, entryways, restrooms, and high-traffic areas, it is supplied with a stand and drip tray for freestanding deployment. The unit is molded from ABS material and measures 130 × 115 × 270 mm, accepting either a refillable 1000 mL bottle or a disposable 800 mL bag. It integrates UV disinfection to reduce pathogens on the hand and runs on DC power via a 6V, 1A input through a 5.5 × 2.1 mm barrel connector. The dispenser carries a 1 year warranty and an LED lifetime rating of 50,000 hours.
