

100W Slim Indoor Constant Voltage LED Driver, 24VDC, IP20, ETL Listed

OVERVIEW

The P-100-24-ETL is a constant voltage, ultra-thin indoor LED driver designed for 24VDC LED lighting installations in commercial and architectural applications where a low-profile form factor is required.

The driver accepts an input range of 100–260VAC and delivers 24VDC at up to 100W (4.16A). Power efficiency is rated at 85–90%. The unit carries an IP20 enclosure rating, making it suitable for dry indoor environments. Dimensions are approximately 147 x 50 x 24mm (L x W x H), and the driver weighs 0.185 kg.

This driver is ETL Listed for use in North American installations. A 2-year warranty is included.
