

**Outdoor LED Power Supply, 250W,
120VAC Input, 24VAC Output — Pool
and Garden Lighting**

- Delivers 250W of rated output power
- Converts 120VAC input to 24VAC output
- Designed for outdoor pool and garden lighting circuits
- Backed by a 1-year warranty

OVERVIEW

The P-AC250-24 is a 120VAC-input power supply that converts standard AC line voltage to a 24VAC output for low-voltage LED lighting systems. It is suited for outdoor installations such as pool and garden lighting where a stepped-down AC supply is required.

The unit is rated for 250W of output power, allowing it to support moderate to large LED loads across multiple fixtures in a single landscape or pool lighting circuit.

The power supply carries a 1-year warranty.

SPECIFICATIONS

ELECTRICAL

Operating Voltage	24 V
Wattage	250 W

ORDERING

Warranty	1 y
----------	-----

APPLICATIONS

- Pool and spa lighting
- Garden and landscape lighting
- Outdoor low-voltage LED fixture circuits
- Pathway and accent lighting systems
