

4 - Gang Wall Plate, Black with Angled Gold Finish

- 4-gang configuration for multi-device installations
- Black finish with angled gold accent detail
- Suited for commercial and light industrial applications

OVERVIEW

The PL-BG-4 is a 4-gang wall plate finished in black with an angled gold accent, designed for commercial and light industrial electrical installations where a consistent, professional aesthetic is required. It is suited for multi-switch or multi-outlet configurations in office, retail, or facility environments.
