

Single - Gang Blank Wall Plate, Night Black Finish

- Single-gang configuration for standard electrical boxes
- Blank design with no device openings
- Night black finish for a uniform wall appearance
- Suitable for covering unused switch or outlet positions

OVERVIEW

The PL-BK-1 is a single-gang blank wall plate in a night black finish, designed to cover unused single-gang electrical boxes in commercial and residential installations. It is commonly used to close off junction boxes, decommissioned outlet locations, or unused switch positions in a clean, finished manner.
