

Single - Gang Wall Plate, Bronze with Patina Finish

- Single-gang configuration for standard wall openings
- Bronze finish with patina treatment for an aged-metal appearance
- Suited to both commercial and residential installations

OVERVIEW

The PL-BP-1 is a single-gang wall plate finished in bronze with a patina treatment, intended for use in commercial and residential electrical installations where a traditional or aged-metal aesthetic is required. It is suited for standard single-gang outlet and switch applications.
