

## Five-Gang Wall Plate, Bronze Finish with Patina, Vintage Style

- Five-gang configuration for multi-device wall installations
- Bronze finish with applied patina treatment
- Suited to period-appropriate or traditional design specifications
- Compatible with standard multi-gang electrical box layouts

### OVERVIEW

The PL-BP-5 is a five-gang wall plate finished in bronze with a patina treatment, designed for multi-device electrical installations where a traditional or period-appropriate aesthetic is required. It is suited for commercial and residential retrofit applications where standard plastic or brushed-metal plates are not consistent with the design specification.

### SPECIFICATIONS

#### MECHANICAL

Finish Bronze with patina

### APPLICATIONS

- Historic building renovations
- Commercial lobby switch banks
- Residential retrofit projects
- Hospitality interior fit-outs
