

2 - Gang Wall Plate, Stripped Brass Finish, Standard Electrical Box Mount

- Constructed from brass for a solid, durable cover plate
- Finished in a stripped brass tone for a vintage appearance
- Configured as a 2 - gang plate for dual switch or outlet openings
- Sized to fit standard 2 - gang electrical boxes
- Provides a metal cover for switch, outlet, or control locations

OVERVIEW

The PL-S-2 is a 2 - gang wall plate finished in stripped brass, intended for commercial and residential electrical installations where a durable metal cover plate is required. It is suited for standard 2 - gang electrical boxes and provides a clean, professional finish at switch, outlet, or control locations. The stripped brass finish gives the plate a vintage - style appearance suited to period renovation work or decorative electrical trim applications.
