

Stripped Brass 4 - Gang Wall Plate

- Stripped brass finish for a traditional appearance
- 4 - gang configuration covers four devices in one plate
- Suitable for retrofit or new construction wiring installs

OVERVIEW

The PL-S-4 is a 4-gang wall plate finished in stripped brass, intended for commercial and residential electrical installations requiring a multi-device cover in a traditional brass finish. It is suited for use in retrofit or new construction applications where a 4-gang configuration is needed.
