

Stripped Brass 5 - Gang Wall Plate

- 5-gang configuration for multi-device installations
- Stripped brass finish
- Single-plate design consolidates five device openings
- Suited to commercial and industrial electrical panels

OVERVIEW

The PL-S-5 is a 5-gang wall plate finished in stripped brass, designed for multi-device electrical installations in commercial and industrial environments. Its multi-gang configuration accommodates five switch, outlet, or control device openings in a single plate, reducing hardware count and simplifying panel layouts.
