

Satin Brass Wall Plate, 2 - Gang

- 2-gang configuration for dual-device installations
- Compatible with toggle, decorator, or combination devices
- Satin brass finish for a refined metallic appearance
- Suited for commercial and residential wall openings

OVERVIEW

The PL-SB-2 is a 2-gang wall plate finished in satin brass, intended for standard commercial and residential electrical installations where a refined metallic finish is specified. It is suited for use with toggle, decorator, or combination device configurations in multi-gang switch and outlet applications.
