

Satin Brass 3-Gang Wall Plate, Standard Electrical Box Cover

- Covers standard 3-gang electrical boxes
- Satin brass finish across all three openings
- Suited for commercial and residential wiring installations
- Provides a durable cover for switches or receptacles

OVERVIEW

The PL-SB-3 is a 3-gang wall plate finished in satin brass, sized to cover standard 3-gang electrical boxes. It is intended for use in commercial and residential wiring installations where a durable, finished cover plate is required over switches or receptacles.

The plate provides a uniform satin brass finish across all three gang openings, offering a consistent appearance for multi-device installations.
