

5 - Gang Wall Plate, Vintage Brass Finish

- 5 - gang configuration for multi - device wall openings
- Vintage brass finish for traditional decorative hardware
- Suited to hospitality and retrofit installation projects
- Supports consistent architectural hardware coordination

OVERVIEW

The PL-VB-5 is a 5 - gang wall plate finished in vintage brass, designed for multi - switch or multi - device electrical installations in commercial and residential applications where a traditional aesthetic is required.

It is suited for use in hospitality, retrofit, and architectural projects where consistent decorative hardware is specified across a space.
