

Rack Post Protector, 455mm Length,
100mm Wide x 82mm Deep

- Length of 455mm covers a typical racking upright impact zone
- Width of 100mm matches standard racking post profiles
- Depth of 82mm provides clearance for post-mounted protection
- Designed to shield warehouse racking from forklift impact damage

OVERVIEW

The POLI-RACKPROTECTOR is a rack post protector designed to guard warehouse racking uprights against impact damage from forklifts and material handling equipment. Measuring 455mm in length, 100mm wide, and 82mm deep, it is sized to fit standard racking post profiles in industrial and warehouse environments.
