

Standard Shipping Pallet 48" x 40",
Max Shipping Height 60", 37 lb

- 48" x 40" x 6.5" overall footprint for standard freight racking
- 37 lb pallet weight for load and freight calculations
- Maximum shipping height of 60" including palletized cargo
- 1-year warranty against structural defects

OVERVIEW

Standard wood shipping pallet measuring 48" x 40", used for freight consolidation and the transport of commercial lighting and signage orders. Suitable for pallet jack and forklift handling in standard warehouse and loading dock environments. The pallet has a maximum shipping height of 60" and a total unit weight of 37 lb, supporting consistent load planning across mixed freight shipments. Backed by a 1-year warranty for structural defects under normal handling conditions.
